Our Anniversary is the greatest sale event of the entire year in Northern New England. A mere announcement of its date is sufficient to bring the shoppers in throngs—many from distant points to share in the wonderful savings it affords.

And now these 8 wonderful days are here again—8 days in which every department offers extraordinary values in new things for women, for men, for children, for the home.

This year the sale marks our 20th milestone. So we are dedicating it to our friends and customers who have made it possible for us to enjoy 20 years of steady, uninterrupted growth. And we know of no better way to show our appreciation than by planning the best anniversary sale values in the history of the store.

Sale Prices are remarkably low—but back of every offering stands the famous P. M. & B. guarantee of quality which insures satisfaction in everything you buy. It is the RIGHT KIND of a sale, for it offers BIG SAVINGS on the RIGHT KIND of merchandise.

Read this page! It will give you an idea of how wonderfully you can save on every Spring and Summer need! Even though you must come many miles, it will pay you to attend the sale, for there is no sale like a P. M. & B. anniversary.

Only a 10th of the sale values are listed on this page

STATE OF MAINE

To all persons interested in either of the Estates hereinafter named.

At a Probate Court, held at Paris, in and for the County of Oxford, on the third Tuesday of March, in the year of our Lord one thousand nine hundred and twenty-six. The following matters having been presented for the action thereupon hereinafter indicated, it is hereby ORDERED:

That notice thereof be given to all persons interested, by causing a copy of this order to be published three weeks successively in the Oxford County Citizen, a newspaper published at Bethel, in said County, that they may appear at said Probate Court to be held at said Paris, on the third Tuesday of April, A. D. 1926, at 9 o'clock in the forenoon, and be heard thereon if they see cause.

Flora M. Thurston late of Bethel, deceased; petition for determination of inheritance tax presented by Nettie D. Fleet, executrix.

Howard J. Hatchins late of Bethel, deceased; petition for order to distribute balance remaining in his hands presented by Lincoln Cummings, administrator de bonis non.

Leda B. Hatchins late of Bethel, deceased; petition for order to distribute balance remaining in her hands presented by Lincoln Cummings, administrator.

Flora M. Thurston late of Bethel, deceased; petition for determination of inheritance tax presented by Paul C. Thurston, administrator.

Mary W. Beach late of Bethel, deceased; petition for determination of inheritance tax presented by Paul C. Thurston, administrator.

Charles E. Beach late of Bethel, deceased; petition for determination of inheritance tax presented by Paul C. Thurston, administrator.

John P. Smith late of Bethel, deceased; petition for determination of inheritance tax presented by Alice M. Skilling, executrix.

Thomas J. Wells late of Paris, deceased; first and final account presented for allowance by Eliza H. Wells, administratrix.

Witness, Henry H. Hastings, Judge of said Court at Paris, the twenty-ninth day of March in the year of our Lord one thousand nine hundred and twenty-six.

ALBERT D. PARK, Register.

STATE OF MAINE

To all persons interested in either of the Estates hereinafter named.

At a Probate Court, at Paris, in vacation in and for the County of Oxford, on the twenty-ninth day of March, in the year of our Lord one thousand nine hundred and twenty-six. The following matters having been presented for the action thereupon hereinafter indicated, it is hereby ORDERED:

That notice thereof be given to all persons interested, by causing a copy of this order to be published three weeks successively in the Oxford County Citizen, a newspaper published at Bethel, in said County, that they may appear at said Probate Court to be held at said Paris, on the third Tuesday of April, A. D. 1926, at 9 o'clock in the forenoon, and be heard thereon if they see cause.

Albert Bennett late of Gilead, deceased; first and final account presented for allowance by Chester Wheeler, administrator.

THINGS YOU WANT TO KNOW

(Write this paper for information concerning "Things You Want to Know." Address all communications of this nature as follows: Information Bureau, U. S. Press Association, 1343 R Street, Washington, D. C. Enclose a cents if reply is desired.)

Q. Please give the complete words of the Prisoner's Song and by whom was it written?

The Prisoner's Song was written by Guy Massey, and can be purchased through any large music house, such as Droop's, Washington, D. C., it being too long to publish in full in this space.

Q. By whom is the Commissioner of Patents elected and who is over him and should look after his going in patent matters? In case of a valuable invention how could it be protected for this country so that it would not go to a foreign country in case the Patent Office cannot be held for its faults. J. H. McE.

The Commissioner of Patents is Honorable Thomas E. Robertson, Patent Office Building, Washington, D. C. Commissioner Robertson serves as the head of a Bureau which is under the Department of Commerce, and therefore his chief is Herbert Hoover. The Commissioner of Patents is appointed and usually serves as long a period as his service is satisfactory. It is not the business of the Commissioner or the Patent Office to accept and grant patents upon articles with respect to their value.

Every person who wants a patent thinks he has a great discovery. Occasionally he is right, but the history of invention shows that most of them are useless and a waste of time. The Patent Office will grant patents to an original claimant, but if the device has already been covered by some one else, then the Patent Office must refuse the application.

In your question you infer that you have not been treated right because you have sent nearly \$100 to a patent attorney. Now the chances are that your patent attorney has treated you fairly and that a patent cannot be issued to you on account of your invention.

Upon your own statement, you—least technically, committed forgery, because you had no authority to draw upon another person's bank account or sign another person's name without a proper arrangement being made to do so in advance. Evidently you meant no wrong. Nevertheless, you violated the law and it is plainly up to you to adjust the matter with the treasurer of your church society in a friendly way such as becomes good Christians. In a commercial matter this might have been a serious affair, and you have no doubt been taught a good lesson by your experience. I am sorry I cannot say a single word to justify your action, and the only excuse you have is that you meant no wrong.

Q. Can a design for postal cards, invitation cards, congratulatory cards, etc., be copyrighted, and who are the reputable firms making souvenir postal cards, valentines, etc.? J. C. G.

The short cut for you is to write to the Register of Copyrights, Washington, D. C., and ask for blanks upon which to make application, stating briefly what kind of copyright you desire. The blanks are different in the case of books as contrasted with those of photographs, etc., but the law does not cover such matters as invitation cards, congratulatory cards, and similar devices which differ only in the use of words from the forms in general use.

As for names of manufacturers and printers, they are to be found on cards and valentines generally distributed in every part of the country. Your stationer, or newspaper man can help you get the right name.

Q. I wish to write advertisement. Would you suggest writing for the makers of certain products, or should I send my offering to distasteful? Is there some magazine that would help me? I. B.

Advertising writing is a distinct profession and ordinarily it would be a mere waste of time to submit your work to manufacturers or publishers. You might examine a copy of *Editor and Publisher*, *Printer's Ink*, both of which are printed in New York City, and find land printer, Chicago, Illinois. But if I were you I would go in and see the publisher of the local newspaper that you subscribe for. He will advise you better than any one else.

Q. What is meant by the word "windjammer" as it is used in the Western orchard? R. H. H.

"Windjammer" is the local name in the fruit growing districts of some of the Western States for a machine designed to raise the temperature of an orchard by the process of stirring the air during critical periods when the fruit is threatened by frost. Since the establishment of its first service in 1917, the Weather Bureau has tested a number of these devices, but up to the present has found no "windjammer" that it can recommend for complete protection from low temperatures. The use of many small orchard heaters is today the only practical means of raising the temperature of the air near the ground sufficiently to protect the fruit on the trees. "Windjammer" is also a colloquial expression for a sailing vessel or one of its crew.

Q. Please give the definitions for "feudalism, crusades and renaissance, J. T.

Feudalism pertains to the feudal system, or its principles, relations, or usages. The feudal system, the system of polity in Europe in the Middle Ages, based on the relation of lord to vassal, and with the holding of land in feud. Reference to the crusades means any of the seven (some say nine) of the military expeditions undertaken between 1096 and 1270 by Christian powers to recover the Holy Land from the Mohammedans. By the renaissance is meant, specifically, the revival from the 14th to the 16th centuries of classical art and learning in Europe, marking the transition from medieval to modern times. It also means the style of art which then prevailed.

Q. Where in the Holy Land is Jacob's Well? H. W. C.

According to the Dictionary of the Bible, it is situated in the eastern part of the valley between Mount Ebal on the north and Mount Gerizim on the south, about two miles east-southeast from Nablus, the modern Shechem, and a third of a mile south from Askar, believed by many to be Sychar.

BACK BAD TODAY?

Then Find the Cause and Correct It As Other Bethel Folks Have

There's little rest or peace for the backache sufferer.

Days are tired and weary—Nights bring no respite.

Urinary troubles, headaches, dizziness and nervousness, all tend to prevent rest or sleep.

Why continue to be so miserable? Why not use a stimulant diuretic to the kidneys?

Use Doan's Pills. Your neighbors recommend Doan's. Read this Bethel case:

"I. L. Lutton, Main St., West, says: 'I was doing heavy work hauling wood and the lifting put a strain on my back and kidneys. I had a dull ache in my back for days that made me feel mighty tired. Mornings my back was so stiff and lame, I could hardly get my shoes on. My kidneys were weak and disordered and I had to get up each night to pass the secretions. After using four boxes of Doan's Pills, I was cured of kidney disorder.'

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Lutton had. Foster-McMillan Co., Mfrs., Buffalo, N. Y.

all privately printed, about Presidents. An American Encyclopedia is a good reference. Harper & Brothers, of New York City, also publish books such as you ask for. Any good public library has such volumes.

Q. I am a member of a church society and in order to settle a bill that I knew was all right I drew a check on the bank where our money was kept and signed the treasurer's name to it and wrote on the margin of the check what it was for, so that she would understand the matter. When she got her check back from the bank she told me I had committed a penitentiary offense. "Didn't I know I had!" Have I committed an offense against the law? X.

Upon your own statement, you—least technically, committed forgery, because you had no authority to draw upon another person's bank account or sign another person's name without a proper arrangement being made to do so in advance. Evidently you meant no wrong. Nevertheless, you violated the law and it is plainly up to you to adjust the matter with the treasurer of your church society in a friendly way such as becomes good Christians. In a commercial matter this might have been a serious affair, and you have no doubt been taught a good lesson by your experience. I am sorry I cannot say a single word to justify your action, and the only excuse you have is that you meant no wrong.

According to the Dictionary of the Bible, it is situated in the eastern part of the valley between Mount Ebal on the north and Mount Gerizim on the south, about two miles east-southeast from Nablus, the modern Shechem, and a third of a mile south from Askar, believed by many to be Sychar.

Q. Please give the definitions for "feudalism, crusades and renaissance, J. T.

Feudalism pertains to the feudal system, or its principles, relations, or usages. The feudal system, the system of polity in Europe in the Middle Ages, based on the relation of lord to vassal, and with the holding of land in feud. Reference to the crusades means any of the seven (some say nine) of the military expeditions undertaken between 1096 and 1270 by Christian powers to recover the Holy Land from the Mohammedans. By the renaissance is meant, specifically, the revival from the 14th to the 16th centuries of classical art and learning in Europe, marking the transition from medieval to modern times. It also means the style of art which then prevailed.

Q. Where in the Holy Land is Jacob's Well? H. W. C.

According to the Dictionary of the Bible, it is situated in the eastern part of the valley between Mount Ebal on the north and Mount Gerizim on the south, about two miles east-southeast from Nablus, the modern Shechem, and a third of a mile south from Askar, believed by many to be Sychar.

Q. Does electricity used in growing plants increase their growth or make them grow faster? R. R. S.

At the present time there is a diversity of opinion concerning the influence of electricity in plant development. Eight years of experimental tests by the Department of Agriculture have not shown any positive response by plants to electrical treatment of either the soil or the atmosphere in which the plants were grown. In England, where the electrical treatment has been applied by charging a network placed high enough above the growing crops to permit of cultivation with horses, increased yields are reported.

Q. Where is Copp's Hill burying ground? B. W. P.

Copp's Hill burying ground is in Boston on an eminence overlooking Charles River as it enters the harbor.

Q. Who is the minister of the church spoken of as the President's Church, and how old is he? M. A. V.

President and Mrs. Coolidge are members of the First Congregational Church of which Jason Noble Pierce is the minister. Dr. Pierce was born in Pittsburgh, in 1850.

Q. What is the meaning of the names of two Republics of South America, Paraguay and Uruguay? N. M. B.

Both these Republics are named for rivers; Paraguay means the golden-water and Uruguay the river of waters, referring to the numerous tributaries.

Q. What is the comparison in the length of miles of the Atlantic Coast line with the Pacific Coast line? L. K. T.

The United States Atlantic Coast line is 1,773 nautical miles and the Pacific coast line, 1,571 nautical miles. The Gulf coast is 1,637 nautical miles.

Q. What can I use to remove ink stains from a concrete porch? A. H. E.

Apply a solution of oxalic acid, and as soon as stain is removed apply ammonia water.

Q. What is meant by a "pica em" measurement in printing? H. G. R.

The Government Printing Office says that one pica em measures .166 of an inch, which is the standard used by the United States Typefounders' Association in 1890, and now adopted by all American typefounders. Six pica ems of no inch less than 1 inch.

Q. Which is proper in quoting "the madding crowd," H. D.

It is "the madding crowd," H. D.

from the madding crowd's ignoble strife."

Q. Was Hale's "Man Without a Country" history or fiction, and how about character Philip Nolan? E. S.

This was fiction, but Edward Everett Hale's friends say that he founded it upon some facts and circumstances known to him. Since the war there has been a good deal of discussion as to whether this story of Hale's was good patriotism, or whether it served to answer the extreme views of what is known as the military mind. It surely failed to demonstrate the Golden Rule.

Q. Please give the names of antique dealers in Washington. F. C. H.

You might communicate with Sloan's, Washington, D. C., but as you live in the South we would suggest that you look in the New Orleans telephone book. This department does not recommend private business firms, and if you have real antique furniture that you wish to sell be careful how you proceed. David Harum as a horse trader was slow as compared to many of the dealers in antiques, and in trading with most of them you will find that their prices slide up and down in a way you cannot understand.

Q. I purchased a piece of property last Fall for \$1150, and the valuation for tax purposes has been placed at more than double that amount. Can they make me pay it? A. E. S.

The tax laws in all the States provide the way by which a tax payer may have his assessment reviewed, as I in a case like yours, secure a reduction of the valuation. If you have let this opportunity go by then I can see nothing that you can do about it except to pay it up through your mayor, alderman, city clerk, or city treasurer. Perhaps you can still get a reduction if the case is brought to the attention of the city council. But you are very late.

Q. I have noticed that a lot of people in writing letters put a round ring over the letter i and an x for a period. How do they justify this style? H. N. B.

Q. Who is the minister of the church spoken of as the President's Church, and how old is he? M. A. V.

President and Mrs. Coolidge are members of the First Congregational Church of which Jason Noble Pierce is the minister. Dr. Pierce was born in Pittsburgh, in 1850.

Q. What is the meaning of the names of two Republics of South America, Paraguay and Uruguay? N. M. B.

Both these Republics are named for rivers; Paraguay means the golden-water and Uruguay the river of waters, referring to the numerous tributaries.

Q. What is the comparison in the length of miles of the Atlantic Coast line with the Pacific Coast line? L. K. T.

The United States Atlantic Coast line is 1,773 nautical miles and the Pacific coast line, 1,571 nautical miles. The Gulf coast is 1,637 nautical miles.

Q. What can I use to remove ink stains from a concrete porch? A. H. E.

Apply a solution of oxalic acid, and as soon as stain is removed apply ammonia water.

Q. What is meant by a "pica em" measurement in printing? H. G. R.

The Government Printing Office says that one pica em measures .166 of an inch, which is the standard used by the United States Typefounders' Association in 1890, and now adopted by all American typefounders. Six pica ems of no inch less than 1 inch.

Q. Which is proper in quoting "the madding crowd," H. D.

It is "the madding crowd," H. D.

The ring over the letter i seems to be a cross between a freak notion and a growing habit with many people who do not write correctly. People who write shorthand use the cross for a period in a number of systems. They grow to prefer it because of its distinctness and therefore make use of it in writing longhand. As usual, their style is imitated by others. Good usage dictates that the letter i be dotted in keeping with the style of penmanship used by the writer, and the period be made like a small dot.

Q. Has anger any effect upon the digestion? A. B. L.

Anger draws the blood away from the digestive organs into the muscles and lungs and brain. If you eat when you are angry the blood supply of the stomach will probably be so poor and insufficient that your meal will not digest properly.

Q. Has light any weight? R. L. G.

According to Einstein's theory it has, but of course this weight is so small that it is almost impossible to detect it. In fact it cannot be detected except by scientific measures.

Cash in On Your Spare Time!

We require a responsible person in your town to act as our representative in securing statistics, and in the distribution of a wide line of highest class merchandise—no money is required and a good income can be made.

## WOMEN OF MIDDLE AGE

Praise Lydia E. Pinkham's Vegetable Compound

Mrs. Annie Kinsell of 523 1st Ave., Milwaukee, Wis., writes that she became so weak and run-down that she was not able to do her housework. She saw the name Lydia E. Pinkham's Vegetable Compound in the paper and said to her husband, "I will try that medicine and see if it will help me." She says she took six bottles and is feeling much better.

Mrs. Mattie Adams, who lives in Downing Street, Brewton, Ala., writes as follows: "A friend recommended Lydia E. Pinkham's Vegetable Compound and since taking it I feel like a different woman." With her children grown up, the middle-aged woman finds time to do the things she never had time to do before—read the new books, see the new plays, enjoy her grandchildren, take an active part in church and civic affairs. Far from being pushed aside by the younger set, she finds a full, rich life of her own. That is, if her health is good. Thousands of women past fifty, say they owe their vigor and health to Lydia E. Pinkham's Vegetable Compound, and are recommending it to their friends and neighbors.

## The Best Recommendation FOR—Bare-to-Hair

Is the number who are trying to imitate it. If Bare-to-Hair was not growing hair on bald heads there would be no imitators. If there is baldness or signs of it you can't afford to neglect to use Forst's Original Bare-to-Hair.

Correspondence given personal attention.

For sale by all Drug Stores and Barber Shops.

W. H. FORST, Mfr. SCOTSDALE, PENNA.

### Conversion's Fruit

Declaring she had been converted at a church revival meeting, a pretty housewife of Sacramento announced at the same time that she had dropped her \$25,000 heart balm suit against a local merchant, because it conflicted with her religious convictions.

Sometimes a man lies when he smiles and says nothing.

Making the Receiver Selective—Three Methods of Connecting the Wave Trap Are Shown in the Diagram.

Selectivity, this is the battle cry that has taken the place of the watchword distance, for of what use is a set that is able to tune in the Pacific coast stations if it can't tune out the nearby locals. In the old days of not so long ago when all broadcasting was done on 400 or 300 meters and 500 watts was considered super-power, the sharp tuning qualities of a receiver were not very important factors in its construction. Now, however, come requests for information on how to tune out XYZ while ABC is on, how to tune out the locals and how to separate the locals.

If you have a manufactured five or more tube set that does not tune sharply there is little you can do to remedy it. Any good five-tube set employing two stages of tuned R. F. should be able to separate and tune out local stations that are not closer than 20 meters. If your set does not do this it is either not efficient or you are using an aerial that is too long. With a five-tube set you can use a much shorter aerial than one would suppose, and still get comfortable loud speaker reception on most of the larger stations within 1,000 miles.

**Cut Through Interference.** It is from the owners of the blower, the two, three and four-circuit receivers that most of the complaints regarding nonselectivity come. For them we can suggest the wave trap, and if it is made with care and of low-resistance parts the user will be able to cut his path through interference with greater ease. Wave traps in general are of two kinds: Those that are shunted across the antenna and ground and called "acceptors," and those that are in series with the antenna and ground and called "rejectors." A rejector prevents one frequency from getting into

## FOREFATHERS OF RADIO

By GEORGE LEWIS  
Of The Crosley Radio Corporation.

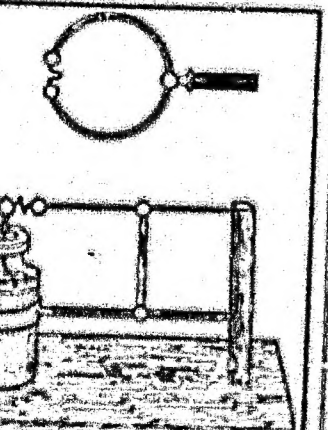

In 1857, Heinrich Hertz, a German physicist, conducted the experiments which resulted in scientists accepting Maxwell's theory of electromagnetic waves as a fact, and in engineers developing the practical use of these waves in radio.

As the story goes, Hertz was experimenting with some apparatus for

Heinrich Rudolf Hertz.

causing an electric spark. Nearby he had a loop of wire, the ends of which were a half's breadth apart. He noticed that every time there was a spark in his apparatus, another spark would jump across the gap in the loop.

First Radio Transmitter and First Radio Receiver.

of wire. Hertz's sparking apparatus was the first radio transmitter, and the little loop of wire was the first radio receiver.

Hertz believed this result to be due to electromagnetic waves sent out

by vibrating electric current in the sparking apparatus and picked up by the little coil of wire. It is not difficult to understand that a vibrating current might send out waves when one considers analogies. When you drop a board into a pond of water, it splashes up and down and sends out waves. When you pound a drum, the tightly stretched drumhead vibrates and sends out sound waves into the air.

**A Battery Brief**  
To have a battery working at its best efficiency, the terminals should be kept free from corrosion, a scale which is formed by the electrolyte or acid. To get rid of it, scrape the terminals until they are a bright lead flash. Washing the terminals with ammonia or some other alkaline solution will neutralize any acid that may be present and prevent corrosion. Take care that none of this solution gets into the battery, as it will neutralize the acid in the battery and also stop its action.

**For Perfect Contact**  
Any electrical connection depends for its efficiency on positive contact of the various metallic parts. Wires that are fastened to terminals should be thoroughly cleaned and then properly soldered.

## ETHER WAVES

Adding new electrolyte does not charge a storage battery. A cloth dampened to ammonia will keep the top of the storage battery clean.

With proper care a vacuum tube should give from 750 to 1,000 hours' service.

A great many parts of a set can be bought cheaper than an amateur can make them.

Input to every tube goes to grid and filament, usually negative filament or center tap of potentiometer. The efficiency of a storage battery is measured by the ratio of an output to the input, generally in ampere hours.

If paste flux is used for soldering, it must be removed thoroughly with a cloth, so that it will not creep along the wires, and break down in solution.

Reverse the leads on the grid coil if signals are mushy and stations hard to get.

## THE KITCHEN CABINET

(See 1926, Western Newspaper Union.)  
"Age is an opportunity no less than youth itself, though in another dress."  
And as the evening twilight fades away,  
The sky is filled with stars, invisible by day."

### FOOD FOR THE FAMILY

For those who like the old-fashioned buttermilk soup, the following will be enjoyed:

**Milked Buttermilk.**—Take five cups of buttermilk, stir a tablespoonful of flour into a little of the buttermilk, add and cook until boiling hot. Season with cinnamon, sugar or nutmeg.

**Kidney Beans With Sour Cream.**—Cook the beans until tender, then add sour cream to moisten thoroughly. Place over a slow fire and simmer one hour. Add salt and pepper to taste.

**Orange and Water Cress Salad.**—Arrange a nice hot of water cress on a salad plate, arrange overlapping slices of orange and serve with French dressing. Very nice to serve with game.

**Baked Onions and Cheese.**—Parboil half a dozen medium-sized onions until nearly tender. Drain and put them into a baking dish, then cover with a layer of white sauce and a sprinkling of good snappy cheese, repeat and finish the top with a layer of buttered crumbs. Bake in a hot oven until the crumbs are brown.

**Brown Nut Bread.**—Take two cups of graham flour, one cup of wheat flour, one-half cup of molasses, one tablespoonful of sugar, one teaspoonful of soda, one-half teaspoonful of salt, one cup of rubins, and one and one-half cups of walnut meats. Mix and bake in a moderate oven.

**Mock Crab.**—Melt four tablespoonfuls of butter, add one-half cup of flour, one and one-half cups of milk, three-fourths of a cup of water, one-fourth of a cup of paprika. When well blended pour in gradually, while stirring constantly, one and one-half cups of scalded milk. Bring to the boiling point and add one cup of corn, one cup of green peas, three teaspoonfuls of Worcestershire sauce. Turn into a buttered dish, cover with buttered crumbs and bake until brown.

**Onion Sandwich.**—Chop a small onion, add salt, pepper, a little vinegar and oil and spread on buttered bread.

**Split-Pea Soup.**—Soak a cupful of split peas in two quarts of water. In the morning put the peas over the fire with a ham bone or piece of salt pork, slice of onion, and simmer for four hours. Rub through a sieve, return to the fire, melt two tablespoonfuls of butter, add two of flour, mix well and add a little soup to the consistency of porridge. Stir into the soup and cook five to ten minutes. Season with salt, pepper and add one cupful of thin cream just at serving time.

**Timely Dishes.**  
A good salad is always appreciated and a good salad is one which is dressed with a tasty dressing.

**Lettuce With Egg Salad.**—Put crisp head lettuce cut into quarters on salad plates after being well chilled to cold water and drained. Take hard cooked eggs and put the yolks through a ricer; chop the whites very fine. Pour highly seasoned French dressing over the lettuce and sprinkle with the whites and yolks. This makes a pretty salad to carry out the color scheme of yellow.

**Pear Salad.**—Set half a canned pear on a few leaves of lettuce. Sprinkle with a few cubes of Nonfat cheese and half as many strips of pineapple. Take one cupful of lemon juice, two tablespoonfuls of double cream, one-fourth of a cup of sugar, salt and four tablespoonfuls of ketchup. Beat the dressing until light and pour over the salad.

**Caramel Cornstarch Pudding.**—Take two tablespoonfuls of cornstarch, mix and cook with one pint of milk. Put three-fourths of a cupful of brown sugar in a smooth frying pan, melt and stir until dissolved and a golden brown, then add the boiling hot cornstarch mixture. Stir until all the sugar is well blended with the pudding, add a pinch of salt and serve in sherbet cups with whipped cream.

**Cinnamon Rolls.**—Take two cups of light bread dough, add one-half cup of sugar, four tablespoonfuls of shortening, cut to the mixture until well blended. Roll out, using flour to handle, then spread with butter, sprinkle with sugar and cinnamon, roll up and cut into small rings. Place to rise on a baking sheet, dust with brown sugar just before baking.

**Spring Salad.**—Slice crisp red radishes very thin, add sliced green onions and a little chopped green pepper. Serve on lettuce with a mayonnaise dressing.

**Tomatoes and Tomato Juice** are invaluable aids to the diet of young or old. Use the fresh tomatoes, canned or the juice—all good for children.

Infants made chubby from milk, fat, meat, poultry and eggs with meat substitutes form the most important group in a well-balanced ration. Then come cereals, breads, fats, of which butter is the most important.

Neelie Maxwell

## MONARCH Coffee and Cocoa

Priced just right. Pay less and you sacrifice quality. Pay more and you waste money. You can't get better coffee and cocoa, no matter how much you pay.

## SCHWEIGER'S "THOR-O-BRED" BABY CHICKS

"LIVE AND LAUGH"

They live because they are bred from healthy, free-range breeders that have thrived and gained in vigor for generations. They lay because they are from selected and tested high power stock. Leghorns, Rocks, R. I. Reds, Anconas, Minors, Copsins, Wyandottes, 12 and up. 100% live delivery guaranteed. Postpaid. Write today for FREE Chick Book. SCHWEIGER'S HATCHERY, 218 Main Street, BUFFALO, N. Y.

## Honor American Woman

Mrs. Carl Akeley of New York, wife of the African explorer, has been honored by the Canadian government which named a mountain after her. Mrs. Akeley is the former Miss Mary L. Jobe, explorer. A peak in the Canadian Rockies will be named Mount Jobe.

## Alachua County Farm Land Best in Florida

Two crops yearly. Costs \$50 acre and up. Free booklet. Alachua County Chamber of Commerce, Gainesville, Fla.

FOR SALE—Established garage and service station in town of 1,700. Two popular car agencies. Money maker. Bargain if sold at once. John A. Brady, Norfolk, N. Y.

## Builds up weak bodies

"I wish every other sufferer could know what Tanlac did. For years even the lightest diet caused distress and I lost strength and weight steadily. Tanlac gave back the robust health of younger days." Mrs. A. Fenton, 55 Third Street, Rochester, N. Y.

From Mother Nature's storehouse we have gathered the roots, barks and herbs which are compounded, under the famous Tanlac formula, to make Tanlac.

If your body is weak and undernourished, if you can't sleep or eat, have stomach trouble or burning rheumatism, just you see how quickly Tanlac can help you back to health and strength.

Don't delay taking Tanlac another day. Stop at your druggist's now and get a bottle of this, the greatest of all tonics. Take Tanlac Vegetable Pills for constipation.

## HALE'S HONEY OF HOREHOUND and TAR

There's nothing like this for breaking up colds—amazing relief to sore throats, head and chest—Safe—Money back. 30 cents at all druggists.

## Cuticura Soap and Ointment

Keep the Skin Clean and Healthy. Promote Hair Growth.

## ASTHMA

DR. J. D. KELLOGG'S ASTHMA REMEDY for the prompt relief of Asthma and Hay Fever. Ask your druggist for it. 25 cents and one dollar. Write for FREE SAMPLE. Northrop & Lyman Co., Inc., Buffalo, N. Y.

## Dr. J. D. KELLOGG'S REMEDY

"Careful Walkers"

When pedestrians were brought before a Washington (D. C.) judge recently for "jaywalking" he adjudged the "Careful Walkers Club" with administration of this oath: "I solemnly promise I will not deliberately violate any of the traffic regulations made relative to pedestrian control."

The poor we have always with us, says the proverb, and they are full of criticism.

## Children Cry for

## Fletcher's CASTORIA

MOTHER:—Fletcher's Castoria is especially prepared to relieve infants in arms and children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep.

To avoid imitations, always look for the signature of Dr. J. C. Fletcher. Absolutely Harmless—No Opium. Physicians everywhere recommend it.

W. N. U., BOSTON, NO. 15-1926.

Of Course Not  
Mother—Which apple do you want, Junior?  
Junior—The biggest one.  
Mother—Why, Junior? You should be polite and take the little one.  
Junior—Well, mamma, should I like just to be polite? The outlook.
